You have worried her since the day you were born, and now is your chance to win her forgiveness with this decadent treatment. With roots in the ancient Middle East, this purifying, ancient ritual detoxifies the body as she is submerged into a heated float bed while slathered and wrapped in a rhassoul clay cocoon. The body is then cooled with an orange quince mist, and finished with a warm carda "mom" amber oil hand tangerine fig butter crème massage. She will not remember your name, much less the trouble you have caused her after this divine treatment. This luxurious treatment includes a complimentary glass of champagne and bouquet of flowers.
