

## **PRESS PLAY**

Self-care is more important than ever. We have never been more proud to offer care and wellness support at a time when you need it most.

Since ancient times there have been rituals of self-purification with the purpose of cleansing bodies, souls, minds, and environments. The acts of washing, purging, and organizing clarifies the senses. When we can process clearly, our minds open us up to new beginnings. You will partake in a rite of rebirth. The following ceremonies allow you to awaken from a reflective pause, press play to emerge a perfect version of the new you.

Each spa journey begins with a scrub and polish kit customized to your desired state of "me time."

Choose from the following flights of fancy:

- PAUSE – Lavender and mint to ease the mind and body.
- PLAY – Citrus and eucalyptus to invigorate the muscles and spirit.
- PERFECT - Vanilla and ginger for a cleansing indulgence.
- EAU SPA SIGNATURE CLEANSE – Seasonal selection

At Eau Spa, we are committed to the safety of our team members and the guests we serve. To accomplish this, it is essential for us to maintain the highest standard of cleanliness and sanitation utilizing the Centers for Disease Control (CDC) guidelines, Occupational Safety and Health Association (OSHA) guidelines, Spa Industry Best Practices, and regulations set forth by state and local governing bodies. This guarantee will create a safe and enjoyable environment to ensure the safety and comfort of spa guests and employees.
